

Unlock the potential with Exceptional Workplaces

Acute Healthcare

Trusted brands helping you deliver an exceptional patient experience.

Creating a clean, safe and efficient facility are all part of delivering a hygienic and uninterrupted healthcare service.

Choosing quality branded washroom and wiping essentials can help create a caring environment, promote well-being, and achieve high standards of clean throughout.

Trust Scott®, Kleenex® and WypAll® to elevate standards within your healthcare environment.

Driving hand hygiene compliance with clinical staff is hugely important to maintaining positive clinical outcomes and high standards of patient care.

And keeping the healthcare environment clean at all times requires trusted and efficient products to elevate the standard of clean throughout your clinical and public areas.

Washroom facilities shouldn't be overlooked in delivering a clean and hygienic experience.

The washroom can be a source of germs and therefore providing systems that support good hygiene practices is essential for infection control throughout the hospital.

Choosing systems that deliver efficiency is also key for busy washrooms with high traffic in public areas.

And ensuring washroom products are responsibly sourced helps to meet sustainability goals.

Scott®

Kleenex®

Drying hands with paper towels reduces bacteria on fingers by up to 77%

Soft and gentle hand towels and soap are essential – 1 in 5 nurses have reported skin problems as a result of repeated hand washing

All Scott® and Kleenex® Hand Towels are made using Airflex™ Technology for greater absorbency and softness

Scott® Facial Tissues provide a greener choice – 100% recycled, FSC Certified and zero plastic

A sustainable choice

Show your patients and visitors you care

We have made a commitment to responsible fibre sourcing and to reducing the environmental impact of our manufacturing processes so you can be sure you are making a sustainable choice by choosing Kimberly-Clark Professional.

Our complete Scott® toilet tissue range (excluding coreless) is 100% recycled

Our European mills are proud to divert 100% of all manufacturing waste from landfill

Our entire toilet tissue range is Forest Stewardship Council® (FSC) Certified

All our hand towels have FSC and/or EU Ecolabel Certification
