

# Getting the best usage from your **Scott® Rolled Hand Towel**

## For a continuous roll:

**1** Move the nearly empty roll to the back of the dispenser once the indicator shows. Ensure the towel is tucked under the blue arms.

**2** Add new roll to the roll holders and feed towel under blue bar.

**3** Close dispenser and push the lever underneath until roll reappears ready to dispense. Each towel is dispensed by pulling downwards with both hands.

**2 sheets**  
per use is  
ideal for most  
scenarios
