

NEW Scott® Control™ Mini Twin Centrefeed Toilet Tissue System

Designed for maximum hygiene,
efficiency and sustainability

Ideal for
BUSY WASHROOMS

Did you know?

- Centrefeed systems reduce consumption significantly versus other toilet tissue systems.
- Less tissue used also reduces the chances of toilet waste system blockages.

Unmatched Hygiene

Touchless dispensing,
one-wipe-clean design,
fully enclosed rolls.

Fewer refills

Less chance for
cross contamination.

Maximum Efficiency

Highest capacity,
never-run-out twin roll
design.

Controlled dispensing

Increased efficiency,
reduced waste.

A sustainable choice

Made from 100% recycled
fibre, 30% recycled
and 100% recyclable
packaging.

Patented loading design

Improved reliability and
100% tissue availability.
